WAR COST U. S. 20 BILLION

By International News Service.
Washington, Nov. 16.—The cost of the war to the American people is approximately \$20,000,000,000, leaders of the House Ways and Means Committee and the Senate Finance Committee estimated today, following conferences with Secretary of the Treasury McAdoo.

The total appropriations made in the two war sessions of the 65th Congress to carry out June 30, 1918, amount to \$17,000,000,000. Of this amount practically \$17,000,000,000 has been saved through the sudden collapse of the war, Secretary of the Treasury McAdoo estimated.

Thirty millions will have gone out of the treasury for war purposes by the end of the present fiscal year, but this amount includes the \$10,000,000,000 total American loan to the allies which will reach by July 30.

To this war expenditures have amounted to \$20,000,000,000, including \$10,000,000,000 in loans to the allies the first third of the present fiscal year were \$6,000,000,000, but these are expected to lessen materially during the year's remaining months. Continuing the year's remaining months, the expenditures during the remainder of the year will amount to \$3,000,000,000.

Two German Warships Destroyed by Reds; Hundreds Lost

Destruction of a German battleship and a German cruiser by the revolutionists and the loss of the crews of both vessels was announced today in dispatches from Europe. The battleship reported sunk was the *Goeben*. The crew of the ship refused to join the revolution and started to flee to Norway. Two revolutionary warships pursued and sank the ship by torpedo fire. The cruiser sank was the *Wiesbaden*. This ship was destroyed while trying to reach a neutral port, and 338 of her crew were lost.

NEW ENGLAND'S WAR FUND OVER 12 MILLIONS

Reports the morning show that Boston is catching its stride. If the people of Boston will fight, fight, fight between now and Monday night we will turn the trick. The rest of New England is responding magnificently. There is no question about it—the situation depends absolutely on Metropolitan Boston.—James F. Logan, chairman United War Campaign Committee of New England.

BASKET FUND IN DRIVE TO GET \$8,000 MORE

Two thousand dollars collected out of ten thousand needed! That is where the Boston AMERICAN Christmas Basket Fund stands today, and with the need this year for food greater than ever, the fund is in a position to do the good it is intended to do. The high price of food which have made the poor this year more than ever dependent upon the fund, also affect the purchase of the supplies for distribution. The fund, also the Boston AMERICAN finds that the cost per basket this year will be greatly in excess of what it has been in other years. The plan for everybody in Boston to give his or her income for food to the fund is being pushed.

BELGIUM'S TROOPS IN BRUSSELS

Paris, Nov. 16.—Announcement was made today that Belgian advanced patrols have entered Brussels. The German troops have left the capital, in accordance with the terms of the armistice, and are now ten miles to the east.

A message has been received at the French front from the Mayor of Muhlhausen, Alsace, transmitted by airplane, asking urgently that French troops be sent to the town. The possibility is driving the Germans out of the city.

German Evacuation of French Territory Now Reported Complete

By International News Service.
Washington, Nov. 16.—The evacuation of French territory by German armies may now be considered complete, says a semi-official dispatch received today from Lyons.

French soldiers have already entered Belgium by the headland of Ghent, and American troops who have crossed the frontier of Lorraine have liberated a great number of villages which were included before 1917 in the French department of the Moselle. The advanced forts of Metz have also been occupied by them.

Everywhere the allies are welcomed as deliverers by the inhabitants of invaded or annexed parishes. In their forward march on the heels of the invader French soldiers are gathering an important amount of material of all kinds.

They have been surprised at the considerable number of German soldiers who have not followed their retreating armies and who for reasons easy to guess have preferred to be captured than to go back to Germany. On the Belgian and British front the same conditions have been found.

DUTCH QUEEN MAY BE NEXT TO LOSE HER CROWN

Photo by Louis Vandenbroucke.
Queen Wilhelmina, sovereign of the Netherlands, and Crown Princess Juliana, Holland may be the next European monarchy to change its form of government in the general trend toward democracy.

In the general toppling of European thrones, Queen Wilhelmina of Holland may have to go. It will be one of the most dramatic scenes if the little Netherlands should become a republic, after a generation of anxiety on the part of its people as to who should be the next sovereign. For eight years after her marriage to Prince Henry of Mecklenburg-Schwerin the Queen had no child, and the Dutch people were gravely concerned over the succession to the throne. Then the little Princess Juliana was born, in 1909, and at once became the idol of the royal family and the Dutch people.

The Queen has always loved for a son, who, even though younger, would take precedence of the little Princess. And now the Dutch throne may go in the general deluge of monarchies, and Wilhelmina herself be without a kingdom.

NO MORE U. S. SOLDIERS TO BE SENT OVERSEAS

Washington, Nov. 16.—When the New England Division, the "Fighting 26th," returns from France, it will be mustered out at Camp Devens, Mass. General March, chief of staff, made this announcement this afternoon. Upon its arrival at Ayer, at a time yet to be fixed by General Pershing, the division will be permitted to receive visitors there and will also be allowed to parade in Boston.

Washington, Nov. 16.—The War Department's plan for demobilizing the 1,700,000 men in the camps and cantonments of this country was outlined today by General P. C. March, chief of staff, at his weekly conference with representatives of the press. The demobilization will be in nine stages.

The first to be discharged will be the development battalions, of which there are seventy-one, carrying more than 98,000 members. Next to be discharged will be the spruce production division, then the central training schools.

6 STATES UNITED IN WELCOMING GEN. EDWARDS

New England will give General Clarence B. Edwards the greatest welcome ever accorded any soldier returning from the war, if plans that are being made today in the office of Governor McCall materialize. These plans are tentative and are to be approved by the Governor, New England's 28th division is overseas campaign.

It is planned to have the general's party arrive from Washington on the morning of that day. They will be escorted from the station to the state suite at the Copple-Plaza by a cavalry section of the State Guard, New England's Governors, with their staffs, have been invited by Governor McCall to take part in the celebration and to greet the distinguished guest. At noon will come the luncheon at the City Club, at which General Edwards will make his first speech. At night he will be guest of honor at a dinner at the Copple-Plaza, and following that will come the public meeting, at which all New England will have the opportunity of seeing the man who carried the 26th through the campaign.

The United States Guards, of which there are 135,000, will follow. The sixth lot to be demobilized will be the railroad division, followed by the depot brigades and the replacement divisions, with the combatant divisions last of all.

It will take some time to muster these men out, the general explained, but already has the machinery in motion, and said that he expected to discharge some 200,000 in the course of the next two weeks, or at the rate of 30,000 a day.

Bonuses for Returned Heroes

Before being mustered out every man will be subjected to a physical examination and it will be necessary to check up his status with the Bureau of War Risk Insurance. Blanks for the latter procedure already have been provided by the department, the chief of staff said.

Men who enlisted in the Regular Army for the duration of the war will be given a bonus of \$1,000.

PARIS ALREADY PLANNING FETE FOR WILSON

Paris, Nov. 16.—The Municipal Council of Paris has adopted a resolution to send a deputation to greet President Wilson upon French soil, if the American Executive comes here for the peace conference. The President would be received at a sitting of the council in the Hotel de Ville and it is planned to organize a fete for him.

ARMISTICE.

0 100 200 300 400

A detailed black and white map of Europe and surrounding regions. Germany is highlighted in dark grey. The map includes labels for major countries like France, Italy, Austria, Hungary, and Russia, as well as bodies of water like the North Sea, Black Sea, and Mediterranean Sea. A scale bar is visible in the top left corner.

As shown by the key, pre-war Germany was but a fragment of continental Europe. Note the contrast in the size of the shaded area that the Germans actually ruled and would have held if victorious and "tolerating no nonsense from America after the war," as Wilhelm said to Gerard. Now the armistice compels the German forces to withdraw east of the Rhine, and any of her soldiers caught in France, Belgium, Austria, Rumania or Russia will be "contraband of war."

U. S. FORGE USED—usual sizes, feet wide and eight feet **USED AND SOLD**—EARLY SHIPMENT OF

The banks of this canal are high, steep and almost sheer. A five-mile stretch of the river to the canal. The Germans and Chinese were in position to enfilade all parts of the river and canal. Further down the line of hills, they had artillery, tanks and armor.

At 11 o'clock, on the afternoon of November 4, the American infantry rushed up to the river in an effort to make a crossing at the FORD, with the whole army waiting on the result, thus an important factor. They

WITH the American Army. May 14.—"The war is over," but many a good "inside" story that will make part of the history of America's war remains yet to be told. Here is one.

"You must secure a foothold on the other bank of the river immediately. The 300-foot bridge is twenty miles

waded into the water, but the German machine gunners were not firing. The machine gun was flat. The test was impregnable.

"This information then waited until dusk and about 6:30 thoughtful young Captain Smith's evolution of Lampert's idea was put into effect. The plan was further up the river toward the town twenty engineers, working under fire.

"The 300-foot bridge is twenty miles

Washington, Nov. 18.—Advisers reaching Washington today reflecting official opinion in antea capital agree that the former German Kaiser's continued residence in the United States is a violation of the former Crown Prince, is inadmissible.

It is considered that William and his son constitute too great a men-

Shepard has films made

FOR R. I. BOYS OVERSEAS.

Providence, Nov. 18.—Mr. Joseph Shepard, president of the Shepard Film and Photo Studio, 100 North Main street, has been making films made for the R. I. Boys Overseas. These films are being made in great view of the Thanksgiving celebration. Thursday, Nov. 21, is the day when the boys are to see that the films are made.

They must get over all at hazards." The footbridge was stretched on folding frames. To cross them is like running across a minefield. The German gun bullets perforated the first float put into the water by the engineers and sank them.

When a footbridge finally was placed across the other bank some 100 meters away, the soldiers and engineers went over in single file. The footbridge was made of steel beams and girders under guard of allied

democrats. The further formation of the democratic government of Germany was a potential threat against the Nazis.

The most favored proposal, according to the information reaching Washington, is to send the former monarch and his son to the island of Heligoland, where they will be maintained as prisoners under guard of allied

his blue prints on the rough paper that he had used to create the map. The map, together with all the furnishings of the general's depot, the prints showed in the hands of the Dutch. B. Lamper, of the engineers for getting troops across unpolluted rivers, was the man who represented the colonel.

Inside the prints he had notes detailing the invention as a "convex-type portable foot-bridges." It was on

the drawing, couldn't get up the banks. The colonel said, "The men, together, alone only to fall back into the water. Finally, some carried ropes over between the two banks, with the ropes being used for tethering horses stuck in one end of the pons, and drove there also in the bank. Then they went up hand over hand and dug themselves out."

More troops kept coming across the river on pantaons which had been saved by the engineers.

HEATH MAY ENTER CITY COUNCIL RACE

The former Crown Prince, however, has been crowned, although it is not quite clear why different treatment should be accorded to the Dutch prince William as to the exiled Count Saterlach, also a friend of the Roosevelt family, who is now in the Dutch province of Limburg.

WITNESS' PRAISE
Victor Heath, executive director of the Boston Committee of Public Safety, who has been mentioned as a possible candidate for a seat in the City Council, admits that he is "giving the proposition serious thought." His name as a candidate is pronounced "HAY." It is not clear whether war-time work is well known.

By International News Service, London, Nov. 16.—(By British Wireless Press).—Remarkable exploits of great bravery in battle were disclosed here today by the London Gazette's announcement of new awards of the Victoria Cross to British and Colonial soldiers.

Among those honored was Lieutenant

Cambridge and Arlington Send "Smiles" Today

TODAY WAS THE DAY.

At 2 p. m. the eighth instalment of "Smiles Across the Sea," the great motion picture of relatives of men in the United States service,

was made at RINGDE FIELD, RINGDE AVENUE, NORTH CAMBRIDGE. These "movies" are to be shown on the screen in Europe wherever our boys are stationed. Today's instalment was for relatives of CAMBRIDGE and ARLINGTON men in Uncle Sam's service. War babies, war brides and soldiers' mothers were happy by having close-ups made of them.

Pictures of relatives in DORCHESTER CENTRE, ASHMONT, NEPONSET and MATTAPAN will be taken TOMORROW at 2 p. m. at FRANKLIN FIELD, corner of Blue Hill and Talbot avenues, Dorchester.

As many United States soldiers will soon be on their way home the last pictures will be taken a week from tomorrow at a place to be announced early next week.

BRIGHTON, ALLSTON and BROOKLINE folks will be filmed next WEDNESDAY AFTERNOON, NOV. 20, at ALLSTON PLAYGROUND, AUSTON ROAD.

On Wednesday afternoon, Nov. 23 soldiers' relatives from

the organization which had fared well to New England shores more than a year ago.

Major-General Edwards then continued to discuss the achievements of the New Zealanders. He remarked that the New Zealanders were the first to land on the west coast of the island of the 26th Division that they belonged to them. He also mentioned the 26th Division's achievements. The general referred to the men who were in command in a tone vibrating with pride and called them the "conquering" boys.

The general then referred to the

the fact that time and again the division went over the top into the fray and crushed the odds of fighting and never faltered. The division counted his aide, Major John W. Hyatt, his aide, stood by, and nodded approval at every word.

IS STRONGER HEALTH.

General Edwards is in perfect health, despite the rigorous duties he had undergone since leaving the United States in September, a year ago. Just what his next assignment will be, he does not know, but he may be to Camp Lee, Va., as his orders indicate.

ers previously showed.

"From November 5, when we left the ship, the Japanese continued to bombard us until the night of November 11, our trip was quiet and uneventful. Then suddenly the wireless grasped the Japanese were attacking. The Japanese signed and that hostilities had ceased.

"Instantly every light on the ship was turned on. The Japanese bombardment was staged and there was none more enthusiastic among the celebrators than twenty-six wounded men.

"The Japanese had a group of 126 men who marched the main guard of honor and an honorary guard of 100 men. The Japanese citizens will also be in the time of marching.

"Exercises at the parkway will be opened by an address of welcome by the Mayor of Honolulu. A special committee. A prayer will be offered by the Right Rev. William O'Brien, pastor of St. Patrick's Church. Sen. John A. Burns will deliver the invocation. Mayor Perry D. Thompson will deliver the closing remarks. The Mayor will make the presentation speech.

Mayor Perry D. Thompson will deliver the closing remarks. The Mayor will make the presentation speech.

It was indeed a moment for thanking."

VICTORY FOLLOWED FLAG.

On his arrival in Washington General Edwards was the recipient of congratulations from army officers on all sides. The work of his division had been such as to merit praise of all sorts. Since it went into the front line in February it has occupied five of the hardest sectors in the line.

ARLINGTON SOLDIER

IN ARMY HOSPITAL

Word has been received by Samuel G. Learned of No. 84 Appleby street, Arlington Heights, that his son, who is in the 10th Cavalry, has been wounded in the head and is now in the hospital at Fort Myer.

Wherever its battle-scarred standards went victory followed and, although its losses were considerable, they are not regarded as great, in view of the ground it took and the thrashing it administered the enemy.
